What Is This

Johnny Gill

So let's not play this game of pickup boo
Let's take your time babe
Ain't no need to rush it babe
Ain't no need to rush girl

So there's something about you girl
Oh honest with me, baby
What is this

Time seems to stop when you're near
I can feel every beat of my heart, baby
Girl you're bright and soft in the room
Girl you got me consume
It's just a matter, a matter of time
Before we undress, we unwind
