T. Rex

Ash

I can feel it coming
Feel it coming in the air
Times the living is easy
It won't be long till the summer is hereDays when you wake in the morning
With the sun shining through the blinds
Days when the living is easy
And you know things are going alightComing up following the feeling
And the night is young
Let it go following this feeling
Let it comeOn nights when the music ignites you
And you come to understand
That all that you ever looked for
Is sitting there in your handWhen the air is alive with magic
And you feel it in the summer breeze
When the stars are aglow and burning
And it's all setting off your dreamsComing up following the feeling
And the night is young
Let it go following this feeling
Let it comeBurning up following the feeling
And the night is young
Let it go following this feeling
Let it comeNo more nights sitting feeling blue
Even the rain reminds me of you
Just let it all fade away
Just let it all fade away
Like a bad dream in the nightBurning up following the feeling
And the night is young
Let it go following this feeling
Let it comeBurning up following the feeling
And the night is young
Let it go following this feeling
Let it come
