Hawk Eyes

The Kicks

Eagle eye, feather light
Razor sharp just like a knife
Systematic, post traumatic
Girl is on the fly
Breathe in let it out
Taste your heart and spit it out
Face down in the dirt
Fall in love she'll make it hurtThe way she's movin
Has got me runnin out of my head
The way she's grooving
Makes me wish that I was deadHawk eyes
Yeah she's got control
Of my mind
And she's got my soulCut down earth mud
Drink it back and take the rush
Slap your face knock you out
Killing's what she's all about
Land mines warning signs
Pull the shades and close the blinds
Cut, knife feel the sting
Girl has got a hold of meHawk eyes
Yeah she's got control
Of my mind
And she's got my soul
If you want it then
You got it
Its got me on my knees
And that's exactly what she wanted
