

I Don't Wanna to Leave You

The Time

People say you run around
I don't even care
I could never hold you down
I don't even dare
Just wanna play your game
No matter what the rules
I've met an awful lot of dames
But not quite as bad as you Let me try to love you, I know I could
One night to hold you just ain't no good I don't wanna leave you
I don't wanna go
Can't you see I need you?
Girl, I need you so I will be your doctor babe
I'll make you feel alright
Alright
I've got something to keep you warm, on a cold and lonely night
Now turn out the light
I will never tie you down
'Cause I know you wanna be free, so free
Say you'll let me come around
Say you wanna be with me, oh baby, please Let me try to love you, I know I could
One night to hold you just ain't no good I don't wanna leave you
I don't wanna go, no
Can't you see I need you?
Girl, I need you so I don't wanna leave you (all I wanna do, is make sweet love to you) I don't wanna go
(Now you wanna leave me, what am I supposed to do?) yeah?
Can't you see I need you (can't you hang past two? that was twelve o'clock at night) girl I need you so
Why you wanna leave so soon? girl, you know it ain't right Aw, yeah, I don't wanna leave you
I don't wanna go
Can't you see I need you? (why you wanna leave me, baby, tonight?)
Girl, I need you so (think about it, baby, you know it just ain't right) I don't wanna leave you
I don't wanna go (tonight) Let me try to love you, I know I could
One night to hold you, just ain't no good I don't wanna leave you I don't wanna leave you
I don't wanna go
Can't you see I need you?
Girl, I need you so Oh, yeah! I don't wanna leave you, I don't wanna go
Can't you see I need you? girl, I need you so I don't wanna leave you, I don't wanna go
Can't you see I need you? girl, I need you so I don't wanna leave you, I don't wanna go
Can't you see I need you? girl, I need you so I don't wanna leave you, I don't wanna go
Can't you see I need you? girl, I need you so I don't wanna leave you, I don't wanna go

Can't you see I need you? girl, I need you so
