

Too Late

The Paper Kites

Magnetic. You're pulling me in with the words you told you'd say.
Cinematic. This chemistry coming through. You're always in my head
branding your fight on my lips

But this still won't work, no No love, you have come too late. X2 Such darkness, but I know your face cause I
learned it as if I was blind.

In the moment, I feel like I am and I hate that I know it so well. You're always in my head
searing your thoughts into my skin

but this still won't work, no No love, you have come too late. X2 Solo No love, you have come too late. X2
