Give me a little bit, a little bit
Just a little bit of your lovePieces of the dream that I pick up in my mind
Is not blind of our love
Everyday when I look into your brown eyes
I get high on our lovePieces of the dream that I pick up in my mind
Is not blind of our love
Everyday when I look into your brown eyes
I get high on our loveI, I get high
Look in your brown eyes
I get highHigher, higher, higher, higher
Higher, higher, higher
You make me higherI fly, I fly, I fly up high
I fly, take me there
I fly, take me there, I fly
