

# Things left unsaid

## Stomachal Corrosion

It's just a matter of time a few days ago

I saw you, you were fine

Remembering what you said

About the book you read

The one I got you

The Beginning of the End

Oh how we'd talk

For hours upon end

What I would give

Just to do it again

But you're lying there

In this hospital bed

Won't you open your eyes

And let's talk once again(CHORUS)

If you fly away tonight

I want to tell you that I love you

I hope that you can hear me

I hope that you can feel me

If you fly away tonight

I want to tell you that I'm sorry

That I never told you

When we were face to face Well I've been out here all night

And I'm watching you

Breathe in and breathe out

Is it really you

Or just a machine

That's giving you life

And it's making seem

That there could be hope

I could say to your face

If it weren't for you

That there would be no grace

That's covered my life

You took the time

To speak into my mind

And my heart

Words of life(CHORUS) So goodbye for now

And I'll see you again

Some way, somehow

When it's my time  
To go to the other side  
I'll hold you again  
And melt at your smile  
Now all I have  
Are the ones that I'm with  
And you taught me not  
To take for granted  
The time that we have  
To show that we care  
Speak into their minds  
And their hearts  
While their here  
And say I love you(Chorus)
