Wrong Miracle

Ximena Sarinana

La la la la...
I am a million years old, a million years old oh yes its true
I got the wrong miracle the wrong miracle all i wanted was you
La la la la.....
I am a ship in a bottle, a monkeys tail, a blue lagoon
I got the wrong miracle the wrong miracle all i wanted was you
No matter how happy i am theres always something in the end
those sudden thoughts the smallest thing remind me of what couldve been
Should i have gone the other way??

I have a lovely man, A quiet life oh yes I do
I got the wrong miracle the wrong miracle all i wanted was you
The wrong miracle cuz all I wanted was you
No matter how happy i am theres always something in the end
Those sudden thought the smallest thing remind me of what couldve been
Should I have gone the other way??, would you be here with me today??
here with me today??
La la la la.....
The wrong miracle all I wanted was you,The wrong miracle cuz all I wanted was you
The wrong miracle but I guess it will do
