

# Joy

## Son Little

My joy, my joy,  
Oh lovely one,  
Where have you gone?  
Where have you gone?  
My joy, my joy  
You're all night long.  
I need you now.  
I need you now.  
I need you now.  
And you haunt me  
Like a ghost  
And disappear in smoke  
And leave me alone  
Leave my weary heart alone  
Alone...  
My joy, my joy  
You golden ghoul  
I love you more  
I love you more  
I love you more  
I love you more  
I love you more  
I need you now  
Where have you gone?  
I love you more  
Where have you gone?
