

# 7 Deadly Sins (2002 Digital Remaster)

## Simple Minds

Ever felt that you've been lied and somehow you just can't provide the proof  
Ever felt you've cast aside and sheltered from the universal truth  
Ever find when trouble calls you're first in line and stick your finger in  
Everybody's talking about 7 deadly sins  
Number one says drop the gun there's nothin' out there that's worth  
dying for  
And number two, that's me and you, I'm green inside and jealous to the core  
Number three fidelity, I've lost the path and I'd better start again  
This thing's got a strange mystique, the 7 deadly sins  
This thing's got the whole world beat, 7 deadly sins  
I can hear them calling out, I can hear them screaming out  
Blood is sweet like a deep river and where it goes I don't know  
You make me sweat and you make me shiver, where it goes I don't know  
If you've got sticky fingers, you got  
dreams that linger running through your  
brain  
Well vanity's the flying "V", desire is the one who gets the blame  
If you're looking for a goldmine when all around you seems to be tin  
I'm not superstitious about 7 deadly sins  
I can hear them calling out, I can hear them screaming out  
Blood is sweet like a deep river and where it goes I don't know  
You make me sweat and you make me shiver, where it goes I don't know
