Sweetie

The Emptys

We were both headed different ways
Both in a rush trying to get away
I ran into you, ooh, ooh
Like a crash of thunder
Out in the rain waiting for the bus
We started talking 'bout different stuff
And it's true, ooh, ooh
There's an eighth world wonder
And from now on
You're not as lonely as you think you are
I'm trying to tell you
Anything you want, boy
I can make it happen
We could fall in love
And I could be your sweetie
Anytime of day, boy
I'll be your distraction
We can make it happen
I could be your sweetie, sweetie, yeah
You're not as lonely as you think you are
I'm trying to tell you
Anything you want, boy
I can make it happen
We could fall in love
And I could be your sweetie, sweetie, yeah
A dinner date and a glass of wine
We stayed up late and lost track of time
When I'm with you, ooh, ooh
I feel a different hunger
You held my hand and you didn't let go
I'm gonna kiss you now, I thought you should know
And it's true, ooh, ooh
There's an eighth world wonder
And from now on
You're not as lonely as you think you are
I'm trying to tell you
Anything you want, boy
I can make it happen

We could fall in love

And I could be your sweetie
Anytime of day, boy
I'll be your distraction
We can make it happen
I could be your sweetie, sweetie, yeah
You're not as lonely as you think you are
I'm trying to tell you
Anything you want, boy
I can make it happen
We could fall in love
And I could be your sweetie
Anything you want, boy
Anything you need
Anything you want, boy
Anything you need
Anything you want, boy
I can make it happen
We could fall in love
And I could be your sweetie
Anytime of day, boy
I'll be your distraction
We can make it happen
I could be your sweetie, sweetie, yeah
You're not as lonely as you think you are
I'm trying to tell you
Anything you want, boy
I can make it happen
We could fall in love
And I could be your sweetie
Anytime of day, boy
I'll be your distraction
We can make it happen
I could be your sweetie, sweetie, yeah
You're not as lonely as you think you are
I'm trying to tell you
That all I wanna do
Is just be here for you
And give you satisfaction
Sweetie, sweetie, yeah
