Hold On

B-witched

Hold on
You've always been a tough girl
But you feel you're about to break
You're feeling stuck and out of luck
Watching your dreams all slip away
Been working mornings in the kitchen
And working nights at the corner store
As your life flies by, you wonder why
There's gotta be something more
Hold on, but don't hold on too tight
Let go, it's gonna be all right
Don't run away from what your heart is saying
Be strong, face what you're afraid of
Come on, show 'em what you're made of
I know it's hard when your hope is gone
But you gotta keep holding on
You're hear a voice that's calling
And it's telling you to make a change
It's time to fly and say goodbye
And move on to a better place
You know you gotta take the first step
To get to where you wanna be
Just get on track and don't look back
'Cause it's the only way that you're gonna be free
Hold on, but don't hold on too tight
Let go, it's gonna be all right
Don't run away from what your heart is saying
Be strong, face what you're afraid of
Come on, show 'em what you're made of
I know it's hard when your hope is gone
But you gotta keep holding on
Hold on, you're gonna make it
You're gonna be stronger
Hold on, hang in there, baby
Just a little bit longer
Hold on, yeah, and you're gonna be fine
Don't give up
Be strong when the going gets tough
You gotta hold on

Hold on, but don't hold on too tight
Let go, it's gonna be all right
Don't run away from what your heart is saying
Be strong, face what you're afraid of
Come on, show 'em what you're made of
I know it's hard when your hope is gone
But you gotta keep holding on
Hold on, but don't hold on too tight
Let go, it's gonna be all right
Don't run away from what your heart is saying
Be strong, face what you're afraid of
Come on, show 'em what you're made of
I know it's hard when your hope is gone
I know it's hard when your hope is gone
I know it's hard when your hope is gone
But you gotta keep, yeah
Holdin' on
Hold on
Hold on
