

# Vowels

## Capital Cities

[Verse 1]

I got something on my mind  
But words, they won't do it justice  
I could write it on a sign  
But words, they won't do it justice[Pre-Chorus]  
I need a translator at the tip of my tongue  
There's a freight train of emotion that's stuck in my lungs  
I need to get it out, get it out before it's all gone  
So I'll just speak in vowels from now on

[Chorus]

A-A

O-O

E-E

Ooh-ooh-ooh

Ooh-ooh-ooh[Verse 2]

I could tell you what it's like  
But words, they won't do it justice  
Start it out, turn up the mic  
But words, they won't do it justice[Pre-Chorus]  
I need a psychic to read my mind  
Get me a Shakespeare to feed me lines  
I need to let it out, let it out, I waited too long  
I'm only using vowels from now on[Chorus]

A-A

O-O
