Always Be with You

Walking On Cars

If this is what you want then why didn't you say
You didn't wave goodbye, now you're gone away
I'll always be with you
Yeah, I'll always be with you
What you had in mind didn't go to plan
First you learn to walk always when you run
I'll always be with you
Yeah, I'll always be with you

And is it home somewhere you call your own
Are you happy now?
Just know
That I'll always be with you
You're far from me
Yeah, I'll always be with you
You're far from me
With you
You're far from me
Why don't you take me with you?
You're far from me
Please don't you leave me alone if you can
If it's been for me
I know that I'll always be with you
Yeah, I'll always be with you
You're far from me

Send me a wish or give me a sign
Even though you're gone I'll always call you mine
You said I'll always be with you
You said I'll always be with you

I saved you a sheet on the bigger line
As it goes around about a thousand times
You said I'll always be with you
You said I'll always be with you

And is it home somewhere you call your own
Are you happy now?
Just know
That I'll always be with you

You're far from me
Yeah, I'll always be with you
You're far from me
With you
You're far from me
Why don't you take me with you?
You're far from me
Please don't you leave me alone if you can
If it's been for me
I know that I'll always be with you
Yeah, I'll always be with you
You're far from me

And it's alright you didn't show up
But I will always call you mine
And it's alright you didn't show up
I thought this would make things better
I thought this would make things better
I thought this would make things better

Please don't you leave me alone if you can
If it's been for me
I know that I'll always be with you
That I'll always be with you,
You're far from me
Yeah, I'll always be with you
You're far from me
With you
You're far from me
Why don't you take me with you?
You're far from me
Please don't you leave me alone if you can
If it's been for me
I know that I'll always be with you
Yeah, I'll always be with you
You're far from me
I'll always be with you
I'll always be with you
