In Your Arms Tonight

TLC

I just wanna have a good time
In your arms tonight, yeah
If you feel my body
It will free your mind, yeahListen, the sun is setting but I still see the twinkle
In your eyes baby, the temperature's 80
Can you feel it feel it, feel it feel it, oh
I cannot be modest, when there's so much that's in store
And I've got it and it's all for your body
You ready? YeahLet's ride tonight and forget what we've ever known
There are no promises and nothin' is set in stone
So lets just take this moment slow
'Cause we don't know how long we gonna live so
Close your eyes and lets goI just wanna have a good time
In your arms tonight, yeah
If you feel my body
It will free your mind, yeahFrom where we're standin' there is no summer
That don't matter we're jammin' love's got us tannin'
Can you feel it, feel it, feel it, feel it, oh
My heart's at it's hottest body temperature's so hot
Nothin' can drop it and it's all for your body
You ready? YeahLet's ride tonight and forget what we've ever known
There are no promises and nothin' is set in stone
So lets just take this moment slow
'Cause we don't know how long we gonna live so
Close your eyes and lets goI just wanna have a good time
In your arms tonight, yeah
If you feel my body
It will free your mind yeahCome on, come on
You may not see this time again
I've endured so much joy and pain
Today there was no rain so we enjoy it just because
You should just open up my treasure chest and see this loveYeah
Just sit back and relax
And try to have a good time
Nice and slowI just wanna have a good time
In your arms tonight, yeah
If you feel my body
It will free your mind, yeahI just wanna have a good time
In your arms tonight, yeah

If you feel my body
It will free your mind, yeah
It will free your mind
It will free your mind, yeahI just wanna have a good time
In your arms tonight, yeah
If you feel my body
It will free your mind, yeah
