

(Them) Changes

Jimi Hendrix

Jimi :

"buddy miles is goin' to do something he wrote called 'them changes'." Well my mind is goin' through them changes

I feel just like I'm in the time
Every time you see me goin' some where
I feel like I'm going out of my mind, yeah
Oh, my baby she left me the other day
And we were have so much fun yeah, yeah
Oh, my baby she stepped out on me
And that's the reason why she had to part
It's alright yeah yeah

It's alright
What I say
It's alright
Ooo hooo

Well my mind is goin' through them changes

I think I'm goin' out of my mind
Every time you see me goin' some where
I think I could commit a crime know
She had me runnin'
She had me cryin'
She had me runnin'
She had me had me had me cryin'
She had me runnin'
She had me cryin'
She had me runnin'
Had me cryin'

It's alright yeah yeah

It's alright

Clap your hands

Go clap your hands

Can you clap a little louder

It's alright

It's alright

Everything goin' to be alright

It's alright x5

Yeah, yeah, everybody yeah
