

Let Your Heart Remember

[Johnny Mathis](#)

I'll let your heart remember
I'll let your heart remember
I'll let your heart remember I'll let your heart remember
I'll let your heart remember I was driving home
As I passed a street where we used to live
So I stopped my car, I had to see you
Time can forgive Then I saw your face
I'm gonna take you to a place If you let your heart remember, oh baby
You gotta let your heart remember me Let your heart remember
Let your heart remember
Let your heart remember Just a year ago you were in my arms
And we made a vow to stay together
To love each other, where are we now?
'Cause what we had that day we can have again If you let your heart remember, oh baby
You gotta let your heart remember me Like the night we fell in love
We can go back, girl
I'll make it up to you Let your heart remember
Let your heart remember If you let your heart remember, baby please
Oh, you gotta let your heart remember me
If you let your heart remember, oh baby
Hey, you gotta let your heart remember me If you let your heart remember
Let your heart remember me
Hey, you gotta let your heart remember me
If you let your heart remember
You gotta let your heart remember You gotta let your heart remember
