 you are my only oneENGLISH TRANSLATIONWithout a word, feelings keep growing  
 This can't go on like this  
 How did I become this way?How did I fall for you this much?  
 I don't even knowWhy are you lingering around me?  
 Whatever you do, I notice  
 Whatever I do, I'm curious about youWhy are you lingering around me?  
 What should I do?  
 I keep thinking of youTell her! What're you doing? Tell her! What're you doing?

Don't make me look somewhere else like a fool  
I wanna tell you  
You're the one in my heart  
you are my only one Being too in love  
Makes one cry  
I didn't understand that before But the moment I saw you  
Tears welled up in my eyes  
I think it's love Why are you lingering around me?  
Whatever you do, I notice  
Whatever I do, I'm curious about you I only think of you  
Like this  
I keep wanting to kiss you Tell her! What're you doing? Tell her! What're you doing?  
Don't make me look somewhere else like a fool  
I wanna tell you  
You're the one in my heart  
you are my only one Even if I'm so clumsy  
I wanna stay by your side  
Is it love? It has to be love  
I wanna be your man Tell her! What're you doing? Tell her! What're you doing?  
I believe that the person who came to me is you  
I wanna tell you  
You're the one in my heart  
you are my only one
