

Take It Out On Me

Bullet for My Valentine

Oh yeah I'm always thinking of you
And all the things that you do
Self-centered satisfaction
No more will I run from you Dysfunction family values
I'll die but I will not fear
Stop talking words of wisdom
You fool I'm standing right here The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me I feel so much destruction
In everything that you do
Anger is creeping in me
Watch I don't explode on you My rage it comes so quickly
One spark and I will ignite
Self-harming mutilation cuts deep
But the pain feels so right The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me This fire burns inside
This fire burns inside
There's nowhere left to hide This fire burns inside
This fire burns inside
This rage can't be denied The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me Take it out
