

Mommy

Mushroomhead

Mother may I?
Mother may I please go outside and play?
Don't put me back in the dark
I promise I will not tell anyone
Mother may I?
Mother may I please share our little
secret of love?
The way that you touch me, should I feel shame?
Mother may I?
Mother may I please feel your warm embrace?
Mother may I?
I feel your hands on my face
No you can't go out but,
you may cum inside of me
Mother may I please feel you?
