

# Like Lust

## MOVEMENT

Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
And it feels feels feels

Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!

Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!  
Could you come in over  
When it feels like lust?!
