

# It's After Dark

## D-A-D

I'm looking at the sky, I'm trying  
Not to cry, coz' it's over  
The're turning down the light  
It's late now  
I guess it's time to say  
Goodbye...Coz it's after dark now  
And Disneyland is closed  
We've been served  
Icecold beer  
And Waldy is our hostIt's after dark now  
And Disneyland is closed...  
The party is over  
The night is here  
Let's bring out a toast...  
Well its the end of the show  
It's time to go  
Along the cliffs at night  
Were taking you homeHey take a look at the park  
What a beautifull sightIt's after dark now  
And Disneyland is closed  
We've been served  
Icecold beer  
And Waldy is our hostIt's after dark now  
And Disneyland is closed...  
The party is over  
The night is here  
Let's bring out a toast...  
It's after dark now  
And Disneyland is closed  
We've been served  
Icecold beer  
And Waldy is our hostIt's after dark now  
And Disneyland is closed...  
The party is over  
The night is here  
Let's bring out a toast...
