Blown Away

Youth Brigade

It seems more and more the future's filled with uncertainty,
We seem to find ourselves living in an age of anxiety,
I know, we go, on living fearfully,
The leaders of the world won't realize their responsibility,I say, I say will we get blown away?
Can we go on existing hoping for another day,
One day, one day, we can get blown away,
Or we can stop the madness before it's too late,And we get blown away,
And we get blown away,
And we get blown away,You tell me that you're scared, well so am I,
We'll never get any answers asking the question why?
We can't, romance, keep living day to day,
We all must find some way to overcome the apathy,I say, I say will we get blown away?
Can we go on existing hoping for another day,
One day, one day, we can get blown away,
Or we can stop the madness before it's too late,And we get blown away,
And we get blown away,
And we get blown away,I know, we go, on living fearfully,
We can't, romance, keep living day to day,I know that many say,
There seems to be no way,
There's no deceiving me,
Appearance is not reality,I say, I say will we get blown away?
Can we go on existing hoping for another day,
One day, one day, we can get blown away,
Or we can stop the madness before it's too late,And we get blown away,Death is the end of life
Ah, why should life all labor ,
Let us alone,
Time driveth onward fast,
Let us alone;
What is it that will last?
Let us alone,
What pleasure can we have to war with evil?
Is there any peace?I say, I say will we get blown away?
Can we go on existing hoping for another day,
One day, one day, we can get blown away,
Or we can stop the madness before it's too late,And we get blown.
