Chanel

Saigon Kick

If you see me in the pouring rain
No, I'm never coming back again
For you, my beloved ChanelWalk along my dear hand in hand
No not a tear not a grain of sand
For you, my beloved ChanelDancin' on the moonlit sky
Glancin' in each others' eye
Oh, my heart does swell
Believe me when I say to you
You really ring my bellWalking in the park the other day
My heart skipped as I heard him say
For you, my beloved ChanelCrying, screaming, ranting, raving mad
If you were dead, boy would I be glad
For you, my beloved ChanelDancin' on the moonlit sky
Glancin' in each others' eye
Oh, my heart does swell
Believe me when I say to you
Go right to hellDancin' on the moonlit sky
Glancin' in each others' eye
Oh, my heart does swell
Believe me when I say to you
You really ring my bellLaughin' as your grave is built
Not an ounce of shame or guilt
For you, my beloved ChanelI never cried, I never could
All the blame will do no good
For you, my beloved Chanel
For you, my beloved Chanel
For you, my beloved Chanel
