

In Your Eyes

Dionne Warwick

You still know what to say
You still know what to do
You still know how to make me feel
There's no one else but you And you think that things
Adjust the way they used to be
But I can see It in your eyes
I see that you wanna run away
And in your eyes
I don't see the kind of love you say Is in your heart
'Cause in your eyes there's another face
And not a trace of me You still know when to touch
You still know when to call
And sometimes when you hold me close
I'd swear we had it all Oh, it isn't that
You're not the man you used to be
It's what I see There in your eyes
I see that you wanna run away
And in your eyes
I don't see the kind of love you say Is in your heart
'Cause in your eyes there's another face
And not a trace of me
No, not a trace of me
