Drakkar Noir

Phoenix

You could do it better
Drakkar Noir
Cheap fixtures, religious tales
Light a cigarette for two
You're close to get to
How come everyone knows you before they meet you?[Prechorus]
In the Jangle jungle
Jingle junkie, juggle juggle me
A better standard than mediocre
I watch you tumble[Chorus]
Jangle jungle
Jingle jump before you stumble
I'm just too glad to say no
Just too glad to say noScandinavian Leather
Drakkar Noir
Fake riches, Oblivious tales
On a domestic airline
Swear to God that you're mine[Prechorus][Chorus]How I wish I knew
How I wish I knew you from before
'Till I die (x3)
Run the avenues, until the city unfurls
Won't we have to know,
Do we have to know what truth is?
Why I wish I knew
Why I wish I knew you from before
'Till I die (x4)
I'm just too glad to say no
Just too glad to say no.
