

# Old Sept Blues

## My Morning Jacket

All alone at the end of the day  
Really tired, it's time to hit the hay  
It was always good to hear you say You never were a drawback  
You always were an asset  
You never were a drawback, no you weren't All alone at the end of the day  
Really tired, it's time to hit the hay  
It was always good to hear you say You never were a drawback  
Yeah, you always were an asset  
You never were a drawback, no you weren't
