

# Alone In The Universe

David Usher

Jamie's on the bathroom floor  
She don't know why  
She's shaking underneath the sink  
Can't feel a thing  
She'd love to live a life  
She's too afraid of failure  
With all the voices in her head  
Now, what was that?  
I thought I heard you scream  
I know you can feel it, you're already there  
Asleep underwater, just screaming for air  
I know you can feel it, you're already  
Don't you know we're freaks and creatures?  
Wake up, I can almost see the light  
I think we're alone here, you and I  
I think we're alone, left wondering why  
I think we're alone here, you and I  
I think we're alone in the universe tonight  
Alex on the last train home  
From God knows where  
A million miles away  
From where he thought he'd be  
He's got his suit, his tie  
His drink, his MTV  
He's trading all his life away  
You can't escape, we're all infected now  
I know you can feel it, you're already there  
Asleep underwater, just screaming for air  
I know you can feel it, you're already  
Don't you know we're freaks and creatures?  
Wake up, I can almost see the light  
I think we're alone here, you and I  
I think we're alone in the universe tonight  
We're all infected now  
I know you can feel it, you're already there  
Asleep underwater, just screaming for air  
I know you can feel it, you're already  
Don't you know we're freaks and creatures?  
Wake up, I can almost see the light

I think we're alone here, you and I  
I think we're alone now, left wondering why  
I think we're alone here, you and I  
I think we're alone in the universe tonight  
I think we're alone in the universe tonight  
I think we're alone in the universe tonight
