

# Clarice

## Vince Giordano & The Nighthawks

Clarice, lay down your mind, its there, just hard to find  
Follow me as we wind our way away Behind an open door, there lies a million more  
Follow me as we wind our way away Time is coming soon, Ill find you  
(Time is coming soon, Ill find you)  
Time is coming soon, Ill find you  
(Time is coming soon, Ill find you)  
Time is coming soon, time is coming soon Behind an open door, there lies a million more  
Follow me as we wind our way away Time is coming soon, Ill find you  
(Time is coming soon, Ill find you)  
Time is coming soon, Ill find you  
(Time is coming soon, Ill find you)  
Time is coming soon, time is coming soon
