

# Don't Fall

## The Chameleons

"In his autumn 'fore the winter  
Comes man's last mad surge of youth  
"What on earth are you talking about?"

Don't fall, don't fall, don't fall

Alone in a room  
I've been here once before  
Shapes in the hall, I'm barricading the door  
I'm out on the edge, but I'm not defeated yet  
I hear my name above everything else  
Mark, Mark, above everything else  
Don't fall, don't fall

See this, freak out, nothing's familiar  
And nothing seems to fit into the scheme of things  
Seeing faces where there shouldn't be faces  
No-one's really certain what tomorrow brings  
Don't fall, my friend  
Oh, this nightmare never ends

Hiding inside, a room that's running red  
The place to be, exists only in your head  
And the focus of fear  
Within the creases of a dress, a female dress  
How did I come to be drowning in this mess?  
Oh, fucking mess  
Don't fall, don't fall

See this, freak out, nothing's familiar  
And nothing seems to fit into the scheme of things  
Seeing faces where there shouldn't be faces  
No-ones really certain what tomorrow brings  
Don't fall, don't fall

Don't fall  
I know your back's against the wall  
But this roaring silence won't devour us all

Freak out, nothing's familiar

Some things re-arrange the scheme of things

Don't fall

Freak out, nothing's familiar

When your back's against the wall

Don't fall

Freak out, nothing's familiar

When your back's against the wall

But this roaring silence won't devour us all

Don't fall
