

Pariah

Bullet for My Valentine

Advisory - the following lyrics contain explicit language:

You're the reason I feel so alive
(I feel so alive)
You're the craving that tears me apart from the inside
You're the death, the one I await
(The one I await)
I'm a monster, the freak that you needed and it's okay
Is this sick and depraved
I see ???
Is this twisted and crazed
Or a brilliant disguise
Pissed off ??? out of stuff to say
??? turns into misery
I'm your pariah, take it out on me
I ??? no reality
I suck up all your vanity
I'm your pariah, take it out on me
I cling to you like a moth to a flame
I was a piece of a puzzle you played in your own game
(I play your game)
??? by the look in your eye
???
Now I'm holding on tight, fighting hard just to survive
Is this sick and depraved
I see ???
Is this twisted and crazed
Or a brilliant disguise
Pissed off ??? out of stuff to say
??? turns into misery
I'm your pariah, take it out on me
I ??? no reality
I suck up all your vanity
I'm your pariah, take it out on me
You know it's what I hate
So come and take it out on me
Is this sick and depraved
I see ???
Is this twisted and crazed
Or a brilliant disguise
Pissed off ??? out of stuff to say
??? turns into misery

I'm your pariah, take it out on me
I ??? no reality
I suck up all your vanity
I'm your pariah, take it out on me
