Battlescars

CafFiends

Of all the shooting stars I knew
I never felt at ease with anyone but you
Don't ever wonder where I go
Remember that the grass still grows beneath the snow
When everything around her moves
Just fall asleep and wake when its all throughThere's battlescars on all my guitars
But still I come out here and playYou know I've lost your touch again
And now I'm only one in twenty fives and then
I promise not to let you go
Just close your eyes and sleep right through the falling snow
And when I finally wash ashore
I'm coming back to kiss the girl I kissed before
Before the shooting stars I knew
I never fell for anyone but youThere's battlescars on all my guitars
But I still come out here and play
There's battlescars on my face and my arms
But you still kiss me everydayThere's battlescars on all my guitars
But I still come out everyday
There's battlescars on my face and my arms
But you still kiss me anywayThere's battlescars on all my guitars
But I still come out here and play
There's battlescars on my face and my arms
But you still kiss me everydayThere's battlescars on all my guitars
But I still come out everyday
There's battlescars on my face and my arms
But you still kiss me anyway
