

Slippin'

Aya

We're in sight but out of mind
We're in step but still we're out of time
The light says to walk away
But somehow we always stay I'm slippin' and stoppin' and fallin'
I've never known this kinda lovin'
I'm rockin' and ridin' the rhythm
I take that you get what I'm givin'
But I don't know why Sitting on a lonely star
When you're too far to let you know
You don't have to ever walk alone
And I've got to let you know When you're in the dark and you can't see
A little bit of love is all you need Haunted by what you lost
This melody dominates your thought
I feel I can touch the sun
You know you're the only one I'm slippin' and stoppin' and fallin'
I've never known this kinda lovin'
I'm rockin' and ridin' the rhythm
I take it you get what I'm giving
But I don't know why Sitting on a lonely star
When you're too far away from home
You don't have to dance this one alone
And now I gotta let you know When you're in the dark and you can't see
A little bit of love is all you need Slipping and stepping and falling
I've never known this kinda loving
I'm rockin' and ridin' the rhythm
I take that you get what I'm giving Living for you, baby
I'm living for you, baby
I'm living for you love
