Yes indeed yes indeed I've got that feeling in me yes indeed

    You will shout when it hits you yes indeed

    Yes you'll shout when it hits you yes indeed

When that spirit moves you you will shout hallelujah

    When it hits you you'll holler yes indeed

    It comes out if it's in you yes indeed

It makes you shout Jack it sends you yes indeed

When that jive starts jumpin' you will shout let me in there

    When it hits you you'll holler yes indeed

    Yes you'll shout when it hits you yes indeed...

    It comes out if it's in you yes indeed...

Yes indeed yes indeed I've got that feeling in me yes indeed

When that spirit moves you you will shout hallelujah

    When it hits you when it hits you

    When it hits you yes indeed
