

I Love Your Smile (Hakeem's mix)

Shanice

Sitting in my class, just drifting away
Staring into the windows of the world
I can't hear the teacher, his books don't call me at all
I don't see the bad boys tryin' to catch some play...'cause I love your smile
I love your smile The clock at work says three
And I wanna be free
Free to scream, free to bathe, free to paint
My toes all day
My boss is lame you know, and so is the pay
I'm gonna put that new black mini on my charge anyway 'cause I love your smile
I love your smile Time came and showed me your direction
Now I know I'll never ever go back
Taught me that
I can be a better girl with love you give
You rock my world
You dig I'm showin'
The life that I'm livin'
This is the life that I have
And it's given to you Yeh' and it's true
La-d-da
Twinkley d
do you Believe in a girl
like me
Shanice is the one
For you to be with But when I'm caught
All alone
I start fessin'
It's from a state of depression
And the thunder clouds of doubt move in
I begin to wonder "Do you still love me?"
But after that
My whole world is beautiful Blow branford
Blow Time came and showed me your direction
Now I know I'll never ever go back
Taught me that
I can be a better girl with love you give
You rock my world
You dig Smile... Pstch 'cause I love your smile

I love your smile
