

Ben Bracken & Eric Cook

Well nothing hurts me
 Like seeing you hurt
 Or changed me
 Like the day you went away
 I know you said I was never there
 You were always a good friend
 I don't talk about it
 I only cry when you don't see
 Though I walk around it
 ? I felt I was to blame
 I never wanted to let you down
 But I couldn't fake it
 And if you think it's better now
 Soon you will see, all the ways
 Did you walk in circles, hey?
 Did you hurt a little more that day?
 I know you said you would never wait
 But you were always my best friend
 I don't talk about you
 I only cry when you don't breathe
 Though I waltz around you?
 ? away you fell flat on your face
 I never wanted to let you down
 But I couldn't fake it
 And if you think it's better now

 Soon you will see, all the ways
 I never wanted to let you down
 But I couldn't take it
 And if you think it's better now
 Soon you will see, all the ways
 5:00 a.m.
 And its really early for me
 I'm tired of replacing
 Everyone I need
 I don't talk about you
 I only cry when you don't breathe
 Though I waltz around you?
 I heard your voice today

And you swear I'm not to blame
I never wanted to let you down
But I couldn't fake it
And if you think it's better now
Soon you will see, all the ways
I never wanted to let you down
But I couldn't take it
And if you think it's better now
Soon you will see, all the ways
All the ways
All the ways
All the ways
