The Mall And The Misery

Broken Bells

Use your intuition
It's all you've got
Keys are revving
There's a dozen locks
Standing your way
So goes the gold age
To your entire lifeDigging for a way
You cast a spell
Grab a path from all the things they sell
But they don't let go
Just touch your shin bone
Keep them awayI know what I know
But nothing will fill the hole
So let your mind go (let my mind go)
Straight down the runway
Does one want to
Get more used to?
The mall and misery (the mall and the misery)
The dead mouths it costs to be aliveOh she lies half burning
From the batting crows
You're falling like a lamb
What you've never been told
There's a new world
Somewhere a good girl
Lives and breathesPart of her opened the callow mind
Audio has stolen the morning tide
There's a dark time
This is a dark life
Feel your heartI know what I know
But nothing will fill the hole
So let your mind go (let my mind go)
Straight down the runway
Does one want to
Get more used to?
The mall and misery (the mall and the misery)
The dead mouths it costs to be alive
