Sugar High

Cute Is What We Aim For

When I'm behind the wheel I'm in the fast lane
Got the the radio on to Bob Tench singing 'Sugar Cane'
I get high on speed and I love it loud
When I want it sweet I need it right now
Ice cream cakes and candy bars, I'm that type of guy
Who gets a sugar high, who gets a sugar high
It sure tastes sweet when you strip it down
Don't Bogart the candy there's enough to go around
With my baby riding shotgun I'm gonna push it on the gas
We like to make out and have fun just make it sweet and ride it fast
Ice cream cakes and candy bars, I'm that type of guy
Who gets a sugar high, who likes a sugar high
Cotton candy and caramel, I'm that type of guy
Who gets a sugar high, who likes a sugar high, oh yeah

Yeah, k-k-keep playin', yeah
Keep playin' the music that makes me wanna stay high
I get to shakin' while you get down and lookin' fly
I want the music to hit me right between the eyes
Syrup on sugar cane satisfies my sugar high
Keep playin' the music that makes me wanna stay high
I get to shake it while you get down and lookin' fly
I want the music to hit me right between the eyes
Syrup on sugar cane satisfies my sugar high
My sugar high, my sugar high, oh
Sugar high, sugar high, sugar high
Sugar high, sugar high
