

# Poor Man

## Old Crow Medicine Show

Bare, naked and bare is how I came  
And I'll be leaving just the same  
So why be afraid  
Yeah I'm a poor man, walking down the road  
The straight and narrow is leading me to gold  
Space, the second floor of outer space  
Where all infinity awaits  
I'm on my way  
To a better place I'm a poor man, walking down the road  
The straight and narrow is leading me to gold  
So I'm a rich man, walking down the road  
The straight and narrow is leading me to You gave to me, life everlasting  
All I can see is life everlasting  
You gave to me, life everlasting  
All I can see is life everlasting, life everlasting I'm a poor man, walking down the road  
The straight and narrow is leading me to gold You gave to me, life everlasting  
All I can see is life everlasting  
You gave to me, life everlasting  
All I can see is life everlasting, life, la la life  
Well you gave me life  
Oh, life everlasting, life everlasting
