

# Wanted

## The Cranberries

Sittin' in an armchair  
With my head between my hands;  
I wouldn't have to feel like this  
If only you'd only understand.  
Too many misunderstandings  
Causing such delay.  
And if it doesn't work like this,  
Well I'll try another way.  
Oh, if this is the way you wanted it,  
Oh, I didn't understand.  
Oh, if this is the way you wanted it,  
Oh, I didn't understand.  
You know that all I wanted  
Was to be there by your side.  
And if you didn't want it,  
Well you shouldn't have denied.  
You knew that you were someone special  
Right from the start.  
But if you treat me badly  
We'd be better off apart.  
Oh, if this is the way you wanted it,  
Oh, I didn't understand.  
Oh, if this is the way you wanted it,  
Oh, I didn't understand, understand
