

# Invisible War (J-Mi & Midi-D Remix)

[Julia Fordham](#)

Invisible war  
Seems we're waging an invisible war  
Strained manoeuvres, keeping silent score  
In this invisible war  
Every day I seem to lose you more  
Both wishing it was like before  
In this invisible war  
Talk about a fine line between love and hate  
We've lost more than our direction of late  
Talk about a fine line between lovers and friends  
We've never been lovers, now we're not even friends  
In this invisible war  
Seems we're waging an invisible war  
Every day I seem to lose you more  
In this invisible war  
Wounded deeply, the scar is here to stay  
Opening up at little things I do and say  
You always want things to be as before  
So I make you angry and you bleed a little more  
In this invisible war  
Seems we're waging an invisible war  
Every day I seem to lose you more  
In this invisible war  
Wanna run away, I still love you  
Got to go away, I always love you  
Got to be away, time heals all wounds  
Invisible war
