Missing Link

[Twin Atlantic](#)

Running round in circles
Cause nothing ever happens to me
And you'll never tell what I think
Passionate failure, animal instinct
Swimming in the basement
Floating with the birds and the bees
And I wonder if their hearts sink
Nature is evil, progress is extinctI'm bad for you
Can't quit it but you know you should
That feels so good
Put me down just to lift your moodI'll take you higher
I'll take you higher
Don't stop, keep it coming I'm wired
I'm bad for you
So close you can touch the truthWe've got everything to lose
The missing link, missing link is youFearless in the fire
Don't you wanna have what I need?
Haven't you guessed yet? I don't regret it
Wishing for pleasure, you beg and you plead
I'm running round in circles
Cause nothing ever happens to me
One second to amend it, independent
Infinite safety to kill then repeatI'm bad for you
Can't quit it but you know you should
That feels so good
Put me down just to lift your moodI'll take you higher
I'll take you higher
Don't stop, keep it coming I'm wired
I'm bad for you
So close you can touch the truthWe've got everything to lose
The missing link, missing link is youThe missing link
The missing link
The missing link
The missing link
The missing link
The missing linkI'm bad for you
Can't quit it but you know you should
That feels so good
Put me down just to lift your moodI'll take you higher

I'll take you higher
Don't stop, keep it coming I'm wired
I'm bad for you
So close you can touch the truthWe've got everything to lose
The missing link, missing link is you
