Bruised And Scarred

Mayday Parade

It all goes back to the first kiss
It was the one I thought I'd never miss
Maybe we were one of the lucky ones
Maybe I'm just not quite strong enough
This was supposed to be the easy part
But breaking down is what I found hard
Now I'm wearing this smile that I don't believe in
Inside I feel like screaming
She gave me every reason to believe I'd found the one
But my doubts somehow they sold me out
I'm bruised and scarred, save me from this broken heart
All my love will slowly fade and fall apart
Someone please sing this lovesick melody
Call my name if you're afraid, I'm just a kiss away
I'm finding out in the hardest way
The consequence of every mistake I've ever made
Baby, what's it like to be alone?
I don't wanna know, I don't wanna know

She gave me every reason to believe I'd found the one
But my doubts somehow they sold me out
I'm bruised and scarred, save me from this broken heart
All my love will slowly fade and fall apart
Someone please sing this lovesick melody
Call my name if you're afraid, I'm just a kiss away
So baby be honest, is this what you wanted?
We lost what we started and found out
Much more than we want to know
About how we're letting go
So baby be honest, is this what you wanted?
We lost what we started and found out
Much more than we want to know
About how we're letting go
I'm bruised and scarred, save me from this broken heart
All my love will slowly fade and fall apart
Someone please sing this lovesick melody
Call my name if you're afraid, I'm just a kiss away
