

Thinking

Marian Hill

My bed is warm when you're gone
Wish I slept better alone
Can't look too long at a photograph
Can't wait too long til I call you back,
call you back Tell me what I need to hear
or just hold me til I disappear
I could keep you but I'm not sure that I want to I've been thinking
what would I do without you?
I've been thinking
I would be fine...is that true?
I've been drinking
Baby just hold me won't you?
I've been thinking You talk of things down the line
I think we're doing just fine
You stay too long and I start to drift
You're gone too long and I start to miss,
start to miss You are all I need right now
won't you pick me up, don't let me down
I won't leave you but I wish that I could tell you I've been thinking
what would I do without you?
I've been thinking
I would be fine...is that true?
I've been drinking
Baby just hold me won't you?
I've been thinking
