For Tinkerbell

Catatonia

Forgive me if I seem to be impatient and obscene
It's just I'd like to fall so flat and hear the voices shouting back
Tinkerbell should have waited before turning on the TV show
Tinkerbell should have waited before turning on the TV show
As orange buffoons dance, they booked a faker in advance
Left purple jungles in a trance to raise the nepotistic chant
Tinkerbell should have waited before turning on the TV show
Tinkerbell should have waited before turning on the TV show
Tinkerbell should have waited before turning on the TV show
She should have waited, she should have waited before the show
The TV show ... the TV show
(La la la la la la)
The TV show ... the TV show
(La la la la la la)
So you want to be a star? Tell the monkey where you are, look the monkey in the eye
(the TV show ... the TV show)
Did you fly into a rage? Did you lust for centre stage? Look the monkey in the eye
(the TV show ... the TV show)
Did you yearn to leave your mark? Did you swear that you'd go far? Look the monkey in the eye
(the TV show ... the TV show)
If you want to be a star tell the monkey where you are, look the monkey in the eye
(the TV show ...the TV show)
La la la la la la la la la la la
