Ultranumb

Blue Stahli

3,3,3,3,3,3,3,3,
2,2,2,2,
1!
You want it all right now!
(ULTRAnumb)
right now!You want it full frontal, overstimulation.So say a benediction,
For a new addiction,
In voyeuristic overdrive.(Here comes the countdown)
3 - This is the new flesh,
2 - This is the open door,
1 - We?ve got everything you wanted.You want it all right now!
(ULTRAnumb)
Right now!(3, 2, 1)
Violated,
So degraded,
The show has just begun.Dominated,
By all you hated,
This will make you ULTRAnumb.3, 2, 1.
Reality's a plague, We're the medication.A new manipulation,
Oversaturation,
Take advantage of what you deny.(Here comes the countdown)
3 - So step right up and see,
2 - The possibilities,
1 - We are everything you wanted.You want it all right now!
(ULTRAnumb)
Right now!(3, 2, 1)
Violated,
So degraded,
The show has just begun.Dominated,
By all you hated,
This will make you ULTRAnumb.One confession is such perfection,
Your sweet repression can?t hide who you really are.Say you love it!
Say you hate it!Doesn't matter 'cause you're all the same!Say you want it!
Say you need it!Come and get it 'cause we love the shame!Say you love it!
Say you hate it!Just another one to suck the fame!Don't pretend that you're better than this,
Malevolence goes both ways!(3, 2, 1)
Violated,
So degraded,
The show has just begun.Dominated,

By all you hated,
This will make you ULTRAnumb.(3, 2, 1)
Violated,
So degraded,
The show has just begun.Dominated,
By all you hated,
This will make you ULTRAnumb.
