

# Thrown Out Of The Bar

## Hank Williams III

I've been beat up bad,  
I've been kicked around  
I've been thrown out of every damn bar in this old town  
In this old town  
I guess they don't like the way we like to have our fun  
Cause I'm always out there and I'm on the run  
And I'm runnin' and a gunnin' and a lookin' for a damn good time I've done so much trip they can't look me in  
the eye  
Cause I'm always tryin' to find that ultimate high  
And I was hangin' out with my hero, his name is, uh, David Allan Coe  
Well I was messed up bad, and he was messed up right  
And me and him, well we almost got in a fight  
But we ended up at this bar on the side of that road I've been beat up bad,  
I've been kicked around  
I've been thrown out of every damn bar in this old town  
In this old town  
I guess they don't like the way we like to have our fun  
Cause I'm always out there and I'm on the run  
And I'm runnin' and a gunnin' and a lookin' for a damn good time I've done so much trip they can't look me in  
the eye  
Cause I'm always tryin' to find that ultimate high  
And I had me a hero, and his name was uh, David Allan Coe  
Well I was runnin' real hard and he was runnin' real fast  
But we got cut up, up there at the pass  
And we ended up at this bar on the side of that road
