

# Ain't No Use

## Big Maybelle

There ain't no use  
In hanging round  
No there ain't no use  
I'm gonna put you down  
There's no room left in my heart  
For youAin't no use  
For you to cry  
Ain't no use  
This is goodbye  
You done me wrong  
So many times  
Now I'm throughThe best years of my life  
You just wasted away  
You caused so many tears  
Now the time has come when you must payAin't no more for you say  
Ain't no more for you to say  
Just take your love and go away
