Don't Say Goodnight Yet

Olly Murs

If you stay a little longer
I promise, Ill be on my best behaviour
Yes I will
I can get that taxi number
I could call it now, but Id rather do it later
The smile on your face isnt fading
So why dont you stayDont say goodnight yet
Theres still some time left
Its getting late but
Dont say goodnight yet
You look amazing, I wanna hold ya
I wanna get get, get to know ya
Just say yes
Dont get goodnight, yetI could play a little Stevie, or Marvin
We could watch a scary movie I dont mind
Just take you coat off, that all that I want
Just kick back relax, sit next to me
Please dont leaveDont say goodnight yet
Theres still some time left
Its getting late but
Dont say goodnight yet
You look amazing, I wanna hold ya
I wanna get get, get to know ya
Just say yes
Dont say goodnightClimb onto the roof, look up at the sky
I could count the stars, shining in your eye
Wont you stay, stay a little longer!
Please dont leaveDont say goodnight yet
Theres still some time left
Its getting late but
Dont say goodnight yet
You look amazing, I wanna hold ya
I wanna get get, get to know ya
Just say yes
Dont say goodnight!
Dont say goodnight!
Dont say goodnight!
Lets stay a little longer
Theres so much time..

You look amazing, I wanna hold ya
I wanna get get, get to know ya
Just say yes!
Dont say goodnight, yet
