

# Soul United

## Saybia

United nations  
divided countries  
good intensions  
with hidden frailties  
What does it take?  
to bring back sanity  
what can I do?  
to bring back me and you  
Stayed together

through stormy weather  
still divided  
but soul united  
what does it take?  
to bring back sanity  
what can I do?  
to bring back me and you
